DETAILED ACTION

Applicant's response to restriction filed December 24, 2008 has been made without traverse, therefore, the selected claims 38 and 40-44 of the application have been examined accordingly.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 38 and 40-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Sid (US Pat. 6,175,201).

Sid discloses a lamp operating device and method as well for operating an associated lamp, operable in different operational modes, wherein a selection and setting of an operational mode for the lamp operating device can be determined externally (40), wherein the lamp operating device is operable in different operational modes, and the selection and setting of an operational mode for the lamp operating device is effected externally, wherein the selection and

Art Unit: 2821

setting of the operational mode for the lamp operating device is effected by means of a transmission of an external control command, wherein at least one of the selectable operational modes of the lamp operating device makes possible a dimming of an associated lamp or lamps (Figs 23 and 25), wherein the lamp operating device operates a lamp associated therewith in accordance with a base function when no operational mode has been selected, wherein the lamp operating device switches on and switches off the associated lamp within a scope of the base function ([0009]).

Citation of pertinent prior art

3. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure listed on PTO 892 form attached therewith.
